

When it comes to  
home comfort services,

we've got  
everything  
you need.

**WallaceEnergy**

Your local home service experts.

The name  
your community

trusts

for home heating oil  
and comfort services.

- Since 1929, we have provided comprehensive home comfort services and programs to your neighbors throughout the local area.
- From heating and cooling services, to home security and home automation, we provide the comprehensive home services you need.
- Living and working in the same community as you, our customer service teams, drivers and technicians really do understand how to take care of your particular needs.
- Whenever you need us, we're there for you, from the depths of winter to the height of summer — 24/7, every day, all year!

It's this and our local, hometown community spirit that other home comfort companies have difficulty matching.

We're your first choice  
for all of your home  
comfort services.

## Why choose us?

**See for yourself what some of your neighbors have to say about their experiences with us:**

“ I have been a customer for many, many years. You consistently provide excellent service, a compliment to your hard working employees, no matter if it is a heating, AC or home security system alarm issue.”

– *Ralph A.*

“ Your team recently installed a new boiler in our home. The technicians arrived when promised, completed the installation in the one day promised, and left our boiler room cleaner than it was when they arrived! In all, a totally professional job.”

– *Steven B.*

“ Everyone involved in the purchase and installation of our new air conditioner from your company was great! Your rep came promptly and provided all of the information I needed to choose the right system. The house was comfortable during the worst days of July and my latest electric bill shows savings from last year under similar usage. You have assembled a great team and I'm happy I chose you.”

– *Andrew S.*

## Home Heating Oil Services

**You're our #1 priority, that's why we have a range of heating oil programs and services all designed with you mind:**

- **Get your oil delivered automatically, right on time!** Our computer models predict when you need it, so you won't have to check your gauge again.

Our flexible pricing and payment plans will fit your needs and help you save, including:\*

- **Ceiling Plan**—Puts a limit on how high your price can go while allowing it to fall if market conditions allow.
- **Fixed Plan**—Your oil price remains the same for every delivery, regardless of market conditions.
- **Variable Plan**—This pricing plan fluctuates with the market.
- **SmartPay**—Helps you manage your annual energy costs by spreading them into easy monthly payments.
- **None of our plans require enrollment or sign-up fees!**

**Enjoy total protection and total peace of mind in the unlikely event of an oil tank release on your property with our CARE® and ProGuard™ environmental protection programs.\***

## Air Conditioning Services

**Count on us to help you keep cool and save during the summer months with:**

- Professional installation and service
- **FREE** estimates
- Inspections and tune ups
- Payment and financing plans to help you save\*

## Home Comfort System Sales & Service

**Our local, licensed professionals can take care of all your home heating and cooling system installation needs:**

- We've got the latest energy-efficient home heating and AC system options to help you save money and go green.
- Our attractive financing options, including \$0 down and affordable financing, can really help with new system installations to make payments more affordable.\*
- We've got all of your heating and AC system service needs totally covered with our comprehensive service plan options.

## Natural Gas Services
